Greetings!

In this Issue

- **Faculty Appreciation Reception: Monday April 25th**
 - **Congratulations to Our Faculty: New NIH Awards**
 - **First Edition of the Chapman Art & Literary Magazine (CALM)!**
 - **COM Tenure and Promotion Workshop : Thursday, April 28, 2022**
 - **Registry of 300,000 Suspected Cancer Patients Available For Use: UF Health expedites clinical data-sharing**
 - **HSC Library Workshop: Register Now**
 - **Faculty Council: Information About Meetings and Activities**
 - **Gas Prices Getting You Down: Free RTS Service Available From Haile**
 - **Major Publications from CoM Faculty**
 - **Outlook Tips & Tricks: Schedule Delivery of an Email**
 - **UF Highlights: Meet Dr. Vincent Bird**
 - **Submit Your Ideas and Requests for Faculty Development: Online Request Form**
-

YOU AND YOUR GUEST ARE INVITED
TO ATTEND THE UF COLLEGE OF MEDICINE

Spring Faculty Appreciation Reception

MONDAY, APRIL | **25** | 2022

5 P.M. - 7 P.M. | HARRELL MEDICAL EDUCATION BUILDING | SCOTT COMMONS AREA
1104 NEWELL DRIVE

Please join us for a networking reception where you can celebrate with your colleagues in a relaxed social setting. Gold pins will be presented to faculty with 20, 30 and 40 years of service.

2022 winners will also be announced for:
College of Medicine Phase 1 & Phase 2/3 Teachers of the Year
David A. Paulus Award for Clinical Excellence
Faculty Council Lifetime Achievement Awards
Clinical & Basic Science Research Awards

[CLICK HERE TO RSVP BY APRIL 20](#)

Congratulations

New Grants Awarded!

National Institutes of Health
Turning Discovery Into Health

Daniel Kopinke, Ph.D.
Assistant Professor

Department of Pharmacology
has been awarded a new National Institutes of Health R01 grant entitled, "Ciliary Hedgehog signaling during adult tissue repair and disease".

Shawn David Larson, MD
Associate Professor

Department of Surgery
has been awarded a new National Institutes of Health R01 grant entitled, "Prevention of Neonatal Sepsis by Therapeutic Targeting of MDSCs".

Matthew E Merritt, PhD
Associate Professor

Department of Biochemistry
has been awarded a new National Institutes of Health R01 grant entitled, "Imaging Hepatic Energy Metabolism in NAFLD/NASH".

Robert T Mankowski, PhD
Assistant Professor

Department of Aging
has been awarded a new National Institutes of Health R21 grant entitled, "Home-based digital exercise training program to improve physical function of older sepsis survivors – HEAL Sepsis Trial".

Sara Jo Nixon, PhD

Professor

Department of Psychiatry

has been awarded a new National Institutes of Health R01 grant entitled, "Determining the Longer-term Impact of COVID-19 Stressors, Alcohol Use and Neurobiobehavioral Decline in Older Adults Through Prospective Study".

Nikhil Urs, PhD

Assistant Professor

Department of Pharmacology

has been awarded a new National Institutes of Health R21 grant entitled, "Role of Dopamine receptor-expressing cortical projection circuits in cognitive flexibility".

Yan Wang, PhD

Assistant Professor

Department of Epidemiology

has been awarded a new National Institutes of Health R01 grant entitled, "Real-Time and Long-Term Effects of Medical Marijuana on Older Adults: A Prospective Cohort Study".

Jose Francisco Abisambra, PhD

Associate Professor

Department of Neuroscience

has been awarded a new National Institutes of Health R01 grant entitled, "Contributions of tau-mediated translational dysregulation to pathogenesis and progression of fronto-temporal dementia".

Chapman Art & Literary Magazine (CALM)!

Thank you to all those who submitted incredible works and congratulations to those whose pieces have been accepted in the 2022 inaugural edition of CALM. Your creative expressions of humanism are a blessing to the UF College of Medicine community. A special congratulations to the following award

winners!

Gold Humanism Award: "Un Unseen Border" by Tammy Euliano, M.D. (*Professor of Anesthesiology*)

Best Writing Award: "In Chains" by AJ Winer (*Third-year medical student*)

Honorable Mention for Best Writing

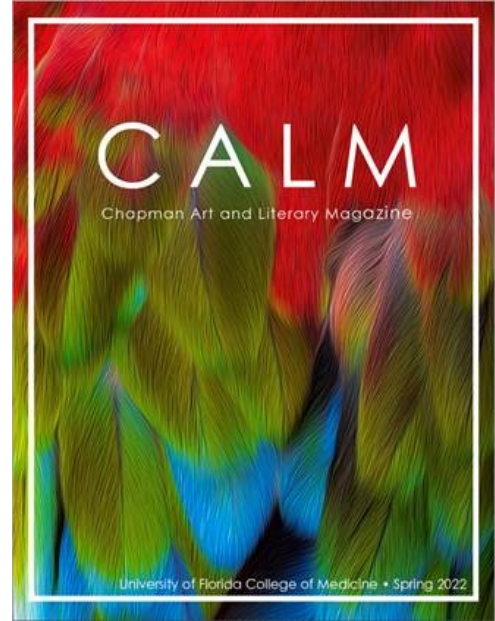

Award: "Thoughts of a New MS3 Annotated by an Old MS3" by Charlette Williams (*Third-year medical student*)

Best Art Award: "It's Kind of Like" by Sydney Cabana (*First-year medical student*)

Honorable Mention for Best Art

Award: "Calm/Mania/Pressure" by Tristin Latty (*Third-year medical student*)

Please enjoy and share free access to the online version of CALM located on the Chapman website: <https://humanism.med.ufl.edu/calm/>. Clicking the link or cover photo on the website provides access to downloadable pdf versions of the magazine.

Physical copies of the magazine can be found in common spaces throughout UF Health Shands Hospital (Gainesville campus) and UF Health affiliated clinical sites.

Additionally, for those who would like to order a physical copy of the magazine, you may place orders here: <https://forms.gle/6S1qwEu8PfWakeC58>. Magazines will be \$15 each and orders are due by May 1, 2022.

For any questions or comments, please email UFChapmanSociety@gmail.com.

Warmly,
CALM Chairs (Ari, Hansol, Amber, and Catie)

The Office of Faculty Affairs and Professional Development Presents COM Faculty Tenure & Promotion Workshop

Presented by:

Mark Segal, MD, PhD
Professor and Senior Associate Dean
of Faculty Affairs and Professional Development
College of Medicine

Each spring, the College of Medicine hosts a “Working Workshop” for faculty members who will be assembling a promotion and/or tenure packet. Every candidate is strongly encouraged to participate in or watch the recording of this workshop to understand the elements of your packet and how to present them in the best possible light. If you can’t attend the seminar, but have a question please send it to Hamleen@ufl.edu prior to the seminar so we can address your question.

Date: Thursday, April 28, 2022

Time: 7:30am-9:00am

[Click to Register](#)

[Join Zoom Meeting](#)

Meeting ID:

976 1805 2469

Passcode:

Dial:

US: +1 301 715 8592 or +1 312 626 6799 or +1 646 558 8656 or +1 253 215 8782 or +1 346 248 7799 or +1 669 900 6833

This workshop will be recorded. The recording link will be available on the [COM Faculty Affairs](#) webpage on April 29, 2022.

UF Health expedites clinical data-sharing across UF: IRB-approved registries available for use by researchers

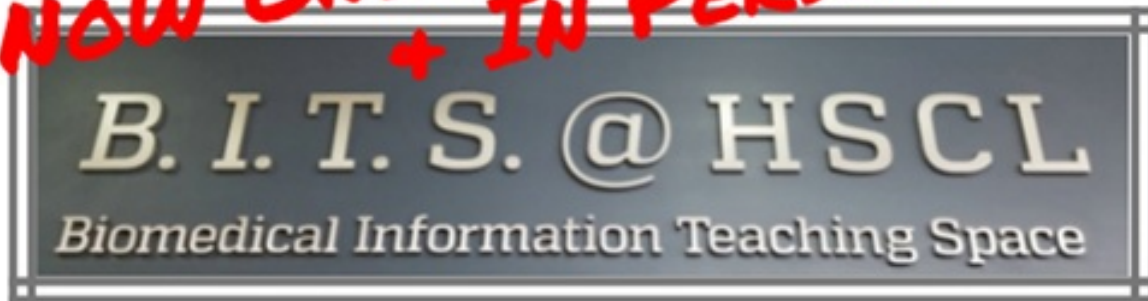

To expedite clinical data delivery, UF Health’s data experts are introducing ready-for-use, UF Institutional Review Board-approved patient record registries to help faculty and staff advance medical knowledge and the delivery of care.

A new dataset has just been released featuring details about more than 300,000 patients diagnosed with or suspected of having cancer at UF Health since Jan. 1, 2012. It is available for use by anyone within the UF and UF Health community. This follows broad use of the UF Health COVID-19 patient dataset, which includes records for 300,000-plus patients who have presented with COVID-19-like symptoms and been tested for COVID-19 at UF Health since Jan. 1, 2020. With pre-approval by the IRB, the protected patient information in these registries is de-identified and delivered quickly, bypassing the customary study-specific review.

UF Health Science Library Workshops Spring 2022

**NOW ONLINE
+ IN PERSON**

The Health Science Center Library will offer the following **online (Zoom)** and **in-person** workshops this semester, independent of registered coursework and open to all. Links to the Zoom meetings or in-person locations for each workshop are available in the workshop descriptions, accessible through the links below or at:

<https://ufl.libcal.com/calendar/HSCLWorkshops>

How to write a publishable article using CONSORT

Friday, April 29, 12-1pm

This workshop is designed to teach attendees how to write a research article suitable for publication in a peer-reviewed journal. It is particularly suited to those with clinical trial results to report, who are inexperienced at composing articles for publication. We will focus on using the CONSORT reporting standard as a blueprint to make writing the manuscript a clear-cut and attainable task. In addition, attendees can sign up to be part of a peer-writing group if they choose.

Part of the Good Reporting Practices (GRPs) Series

<https://ufl.libcal.com/calendar/HSCLWorkshops/CONSORT>

Next meeting

Tuesday, May 3, 2022 at 5:00 pm
Meeting information will be located via the following link <https://facultycouncil.med.ufl.edu/>

<https://www.pnas.org/doi/10.1073/pnas.2118479119>

Blurb:

A recent study from Lobanova Lab suggests a new approach to stimulate degradation of damaged and misfolded proteins to delay vision loss.

Tsc2 knockout counteracts ubiquitin-proteasome system insufficiency and delays photoreceptor loss in retinitis pigmentosa, Proc Natl Acad Sci U S A, 2022

Wang Y, Punzo C, Ash JD, Lobanova ES.

Published: March 2022

https://journals.lww.com/acsm-csmr/Fulltext/2022/03000/Shoulder_Injury_Related_to_Vaccine_Administration.4.aspx?context=FeaturedArticles&collectionId=1

Blurb:

With the exponential rise in vaccination numbers on an international level due to the COVID-19 pandemic, the incidence of Shoulder Injury Related to Vaccine Administration (SIRVA) will likely increase in the physiatric, primary care, pediatric, sports medicine, infectious disease, and orthopedic clinic settings throughout the world in the near future. Vaccine administration is most commonly performed in the doctor's office and/or pharmacy setting; however, due to the need for mass immunization against COVID-19, mass settings within a community have been used. This could potentiate the need for vaccinators not up to date on proper technique to review appropriate techniques. Health care providers should ensure that all staff members, including themselves, receive training on proper technique. Further, SIRVA is an entity that all health care providers should be aware of to improve communication and the care of patients in these challenging times.

*If you have a publication that you would like featured please send a 1-2 sentence blurb as to why the publication is noteworthy along with the citation and link to hamleen@ufl.edu. The publication has to be accessible to the public and not just in press.”

Schedule Delivery of an Email

Want to compose a message now but send it later? Outlook makes it easy. Write your email, then go to Options > Delay Delivery > Do not deliver before, then specify the time and date you want it to go out. Perfect for crafting a few timely responses before you hop on a plane or go into an afternoon of meetings.
