Hello Hamleen, In this Issue

- **UF Faculty Appreciation Lunch: Pizza at the Faculty Lounge on February 22**
- **StandPoint Survey Prizes: Image Gallery of Events**
- **Congratulations to Our Faculty: New NIH Awards and Accomplishments**
- **AI4Health: Improving Health Through Artificial Intelligence**
- **Open Your Free Electronic Lab Notebook Account at LabArchives through the SSO: Instructions on accessing LabArchives**
- **Find a Mentor: Register for a Chance to Have Lunch with Dean Koch**
- **Florida Department of Health: Medical Loan Assistance Program**
- **Course Design Assistance for Summer 2023: Work with Instructional Designer on Course Design**
- **Medical Education Week: Seminar Series**
- **Volunteer Opportunity: Alachua County Public School Upcoming Events**
- **TLM Editorial Internship: Call for Applicants from Non-Overrepresented Individuals**
- **Radiology Images are Now Available to Patients**
- **Gator TRACS Training: Training for Lab Managers, PI, and Supervisors**
- **WIMS Villages: Find your Village and Connect with Faculty**
- **Brown Bag Lunch Teaching Series: New Spring 2023 Workshops**
- **Celebration of Research: Highlighting Pioneering Scholarship Across COM**
- **Faculty Council: Information About Meetings and Activities**
- **HSC Library Workshops: Register Now for Workshops on ORCID, SciENcv, Altmetrics, AI, Data Management, and more**
- **UF Health Patient Care Pillar**
- **Submit Your Ideas and Requests for Faculty Development: Online Request Form**

UF Faculty Appreciation Lunch

The Faculty Relations for Dance Marathon at the University of Florida would like to celebrate Faculty Appreciation Week on February 20th - 24th. Lunch will be provided for COM Faculty on February 22nd in the Faculty Lounge located in the Medical Sciences Building in Room M125 at 12PM.

2022 StandPoint Survey Prizes

Congratulations!

New Grants Awarded!

Clayton Mathews, PhD
Professor

Department of Pathology has been awarded a new National Institutes of Health R01 grant entitled, "Discovery and Roles of In Situ Islet Neoantigens in Human Type 1 Diabetes"

Sam X Cheng, MD PhD
Associate Professor

Department of Pediatrics has been awarded a new National Institutes of Health R21 grant entitled, "Next generation ORS: Randomized controlled trial comparing ORS with calcium vs standard ORS in reducing severity of adults with acute watery diarrhea"

George Louis Drusano, MD
Professor

Department of Medicine has been awarded a new National Institutes of Health R01 grant entitled, "Optimizing Multi-drug Mycobacterium tuberculosis Therapy for Rapid Sterilization and Resistance Suppression"

Raad Gharaibeh, PhD

Assistant Professor

Department of Medicine has been awarded a new National Institutes of Health R21 grant entitled, "Deciphering microbial contribution to androgen bioavailability in castration resistant prostate cancer patients"

Arun Srivastava, PhD

Professor

Department of Pediatrics has been awarded a new National Institutes of Health R21 grant entitled, "Development of optimized AAVrh74 vectors for gene therapy of muscular dystrophies"

American Association for the Advancement of Science

Czerne Reid, PhD

Senior Lecturer

Department of Psychiatry and affiliate faculty in journalism at UF.

She was cited by AAAS for "distinguished contributions to the communication of science, especially through sustained leadership of programs to develop future generations of science writers." As co-chair of the education committee of the National Association of Science Writers, she co-coordinates a stable of mentoring and career development programs that have helped hundreds of science and journalism students from across the U.S and around the world find their footing in science communication. An environmental chemist-turned-science journalist, she is principal investigator of The Science to SciCom Study, which examines the experiences of STEM Ph.D.-level-trained individuals who switch career paths from science research to science communication.

Maurice Swanson, PhD

Professor

Department of Molecular Genetics and Microbiology and associate program director of the UF Center for NeuroGenetics. His research focuses on understanding how RNA processing is controlled during mammalian development and the role of DNA repeat expansion mutations in causing inherited neurological diseases. His lab demonstrated that repeat expansion RNAs cause the neuromuscular disease myotonic dystrophy by inhibiting the activities of specific RNA processing factors

Peihua Qiu, PhD

Professor

is a dean's professor and founding chair in the Department of Biostatistics. Qiu has made substantial contributions in the research areas of jump regression analysis, image processing, statistical process control, survival analysis, dynamic disease screening, spatio-temporal disease surveillance, and various statistical applications in public health, medicine, manufacturing industry, and more. He has published two research monographs and more than 150 research papers in refereed journals in these areas. He is an elected fellow of the American Statistical Association, an elected fellow of the American Society for Quality, an elected fellow of the Institute of Mathematical Statistics, and an elected member of the International Statistical Institute.

Elsevier Data Repository

Heather Vincent, PhD

Professor

Department of Physical Medicine and Rehabilitation

Dr. Heather Vincent-University of Florida are ranked among the top 2% of scientists in the world. <https://t.co/06N1ch0y7i>

Doctoral Mentoring Award

Eric Wang, PhD
Associate Professor
Department of Molecular Genetics and
Microbiology

Robert McKenna, PhD
Professor
Department of Biochemistry and Molecular
Biology

Congratulations to Dr. Wang and Dr. McKeenna on being selected as one of the two College of Medicine nominees for the UF Doctoral Mentoring Award.

American Academy of Neurology (FAAN)

Ashley Ghiaseddin, MD
Associate Professor
Department of Neurosurgery
Dr. Ghiaseddin has been elected a Fellow of the American Academy of Neurology

AI4Health:

Improving Health through Artificial Intelligence

April 20-22, 2023

Disney's Yacht Club | Orlando, FL | AI.cme.ufl.edu

UF | College of Medicine
UNIVERSITY of FLORIDA

University of Florida / LabArchives SSO

The UF/LabArchives SSO integration is now live. *University of Florida* has been added to the “Sign in through your institution” drop-down on the LabArchives login page.

LabArchives users with ufl.edu email domains will be required to associate their LabArchives user accounts with their UF credentials via SSO.

[SSO access document](#): This outlines the process for creating new accounts with the SSO and for connecting existing accounts.

Mentor & Mentee Matching

Register now and be entered in a drawing where 5 lucky winners will have lunch with Dean Koch.

Benefits for Faculty

- Seek guidance from experts
- Space for group mentoring or problem solving
- Improve onboarding experience
- Entry point to existing resources and programs related to wellness, regulatory affairs, ect.

More information :

<https://ufmedmentor.chronus.com/>

Medical Loan Assistance Program - Department of Health

The Dept of Health launched the Florida Reimbursement Assistance for Medical Education (FRAME) Program on Feb 1 to assist eligible healthcare practitioners with the repayment of medical education student loans - <https://www.fdohframe.com/s/>. The deadline is March 31. An FMA flyer is also [attached](#).

Eligible specialties: Physicians engaged in the practice of *primary care*, which includes *obstetrics, gynecology, general and family practice, internal medicine, pediatrics, and psychiatry*. Primary care medical specialties for autonomous advanced practice registered nurses include family medicine, general pediatrics, general internal medicine, or midwifery. All applicants must hold a clear and active Florida license.

Course Design Assistance for Summer 2023

It's that time of semester again! Instructors: please [contact UFIT](#) as soon as possible if you'd like to work with an instructional designer (ID) at the Center for Instructional Technology & Training to develop or revise a course for Summer 2023. Our IDs would love to work with you to develop or revise a traditional, flipped, hybrid, or online course or flipped advising site. The CITT staff can work with an instructor for a week or a few months—we'll maximize the time you have available—to develop assessments, course content, videos, or any combination of our services.

Medical Education Week

Seminar Series Sponsored by the UF COM Society of Teaching Scholars

March 13 - 16, 2023

This series will be presented in person. Registration is required.

Monday, March 13th

1:00 - 4:00 pm

“Coaching Learners for Success”

Guest Speaker:

Sherilyn Smith, MD, ACC

Professor Emerita, Dept. Pediatrics
University of Washington Afternoon

Session: Limit 21 attendees

Wednesday, March 15th

“Reflections on The Learning Environment”

The student perspective through 10 years of reflective writing sessions during the internal medicine clerkship.

UF Faculty:

Ryan Nall, MD & Jay Lynch, MD

Noon session

Tuesday, March 14th

9:00 am - 12:00 pm

“Coaching Learners for Success”

Guest Speaker:

Sherilyn Smith, MD, ACC

Professor Emerita, Dept. Pediatrics
University of Washington Afternoon

Session: Limit 21 attendees

Thursday, March 16th

“Slow Medicine: Time and the Art of Healing”

Guest Speaker:

Victoria Sweet, MD

Associate Professor of Medicine
University of California, San Francisco

Noon Session

Target Audience: This activity is intended for College of Medicine faculty and staff in education. As a result of participation in this activity, participants will be able to:

- 1) Apply key coaching skills with learners
- 2) Identify common sources of mistreatment in medical settings
- 3) Describe actions that improve the learning environment
- 4) Describe benefits of incorporating slow medicine principles into medical education

Disclosure: All panelists have disclosed that they have no relevant financial relationships. No one else in a position to control content has any financial relationships to disclose. Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure/>. All relevant financial relationships have been mitigated.

Accreditation: The University of Florida College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit: The University of Florida College of Medicine designates this live activity for a maximum of 9 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Alachua County Public Schools Upcoming Events

Howard Bishop Middle School is looking for 10-12 volunteers to judge their ExploraVision Future Fair on Thursday, February 23rd from 8:00am-12:30pm in the Media Center. For those of you who may be unfamiliar, the ExploraVision competition engages K-12 students in real-world problem-solving with a heavy emphasis on STEM. It challenges students to envision and communicate new technology that may be created 10 or more years in the future through collaborative brainstorming and research of current science and technology. If you are interested in judging this event, click [HERE](#).

Our second event is Stephen Foster's STEM Night, scheduled for Thursday, April 6th from 6:00pm-7:00pm. We are looking for 10-12 volunteers working in STEM fields to attend. Each

guest would be assigned their own table and would be asked to bring some sort of activity or visual that they are able to share with students and their families as they walk around the event. If you are interested in participating in this fun and exciting event, click [HERE!](#)

. We are excited to welcome you all to our schools, and if you've participated in our events in the past, we happily welcome you back!

Thank you,

Cali

Cali Granger

Volunteer Specialist

TLM Editorial Internship Call for Applications from Non-Overrepresented Individuals

The journal *Teaching and Learning in Medicine* is now taking applications to our Editorial Internship program for scholars not over-represented in medical education scholarship production. Please see the enclosed announcement and application form for details. We encourage you to disseminate this information widely in your networks to ensure this opportunity reaches as many interested parties as possible.

Radiology Images Available to Patients Feb. 22

BEFORE Feb. 22

Feb. 22: Radiology images available on MyUFHealth portal

Patients will soon see their radiology images posted along with diagnostic imaging reports on the MyUFHealth portal. Patients served in Gainesville and Jacksonville will have access to view X-rays, CT scans, MRIs, ultrasounds, and other images taken on or after Feb. 22 in the “Test Results” section. Patients can follow the regular process to request copies or have records shared with other providers. Next: UF Health plans to introduce this feature for Central Florida radiology imaging.

ON/AFTER Feb. 22

Radiology images now available on MyUFHealth portal

Patients can now view their radiology images posted along with diagnostic imaging reports on the MyUFHealth portal. Patients served in Gainesville and Jacksonville can access X-rays, CT scans, MRIs, ultrasounds, and other images taken on or after Feb. 22 in the “Test Results” section. Patients can follow the regular process to request copies or have records shared with other providers. Next: UF Health plans to introduce this feature for Central Florida radiology imaging.

Upcoming Gator TRACS Training (EHS883)

We have scheduled additional Gator TRACS tutorial sessions (EHS883) for the first quarter of 2023. This training is recommended for lab managers, principal investigators, and supervisors who need assistance navigating the online Gator TRACS platform. The course will cover step-by-step instructions on how to complete LATCH assessments, build personnel rosters, track training, view inspection reports and close corrective actions. Please visit [myTraining](#) to register for an upcoming session:

- Tuesday 3/21 at 10:00 AM

Live sessions will be held via Zoom and the link to the virtual training will be provided to registrants 24 hours before the scheduled class.

Women in Medicine and Science WIMS Villages-Find your Tribe!

Go here to choose a village to join!

<https://wimsvillages.tiny.us/pickyourvillage>

Promotion and Tenure Village

Host: Terrie Vasilopoulos

When: 1 Thursday a month, 4 PM

Starts: March 9th, 4 PM

Where: To be Announced

Whine and Cheers Village

Host: Liz Brownlee, Crissy Zeretske

When: 1 Monday a month, 5:30 PM

Starts: Feb 27th, 5:30 PM

Where: Venue will change monthly

What: A monthly girls' night out to discuss challenges and celebrate our wins. The venue will change monthly and will be off campus at a venue with food and beverages available for purchase. There will be a topic of the month, and conversation can start there and go to any topic that naturally arises.

Women in Research Village

Host: Gemma Casadesus, Paola Giusti Rodriguez

When: Once a month - afternoon, but will poll to determine the interest

Starts: May 2023

Where: To be Announced

What: A monthly topic meeting relevant to our paths and experiences as research scientists/doctors. Topics are broad and include diverse aspects and conflicts that women in research encounter. Topics will include articles for discussion followed by free format chats. A syllabus will be provided during the first meeting.

Parenting - (It takes a) Village

Host: Melissa Turley, Erin Bruce

When: 4 times yearly, Friday during lunchtime. More information to come.

Starts: February 10th, 12-1

Where: Room 331 Harrell Medical Education Building

What: Book club format. The plan is to read 3-4 books during the course of the year. Meetings will occur during lunchtime. Participants are encouraged but not required to read the book. There will also be a discussion board option for continued conversation, and sharing parenting wins, losses, and dilemmas with the village.

An initial welcome/interest meeting is planned for February 10th from 12 pm to 1 pm in room 331. The next meeting will be in March to discuss the first book. The first book will be "Hunt, Gather, Parent: What Ancient Cultures Can Teach Us About the Lost Art of Raising

CTE and College of Medicine Brown Bag Lunch Teaching Series up- coming sessions

The first Brown Bag Lunch workshop is coming up! To register for these sessions, [visit the Passport Portal](#). If you do not have an account, [create a Passport Portal account](#).

The second brown bag lunch workshop will be:

Evaluation and Feedback

March 2 at 12:00pm

[via Zoom](#)

Presented by Elisa Zenni

This faculty development session will provide participants with an opportunity to explore best practices for evaluating learners and giving effective feedback in the clinical learning environment. Ample time for discussion will be integrated into the didactic presentation. Participants are encouraged to come with questions and to share their experiences.

13TH ANNUAL
UF COLLEGE OF MEDICINE

CELEBRATION OF RESEARCH

FEBRUARY 27-28, 2023

PLEASE JOIN US FOR A TWO-DAY EVENT HIGHLIGHTING
PIONEERING SCHOLARSHIP ACROSS THE COLLEGE OF MEDICINE.

EVENT DETAILS

FEBRUARY 27

- Scientific Keynote Address: Dr. Emery Brown
- College of Medicine Research Awards Ceremony and Reception

FEBRUARY 28

- Mentoring Excellence Breakfast
- Poster Session and more at the O'Connell Center

HSC Library Spring 2023 Library Workshops

The Health Science Center Library will offer the following online and in person workshops this semester, independent of registered coursework and open to all. Links to the Zoom meetings for online workshops are available in the descriptions, accessible through the links below or at: <https://ufl.libcal.com/calendar/HSCLWorkshops>

SciENcv

Friday, March 3, 12-12:30pm

Explore using SciENcv for creating your NIH/NSF biosketch.

Part of the 20 Minutes to Impact series where you will learn about a research impact metric or tool and receive step-by-step instructions which you can actively follow to accomplish an impact-related task by the end of the workshop.

<https://ufl.libcal.com/calendar/HSCLWorkshops/20MinutesToImpact-SciENcv>

Altmetrics

Friday, April 7, 12-12:30pm

Explore alternative metrics in Dimensions and learn how they might be useful to you.

Part of the 20 Minutes to Impact series where you will learn about a research impact metric or tool and receive step-by-step instructions which you can actively follow to accomplish an impact-related task by the end of the workshop.

<https://ufl.libcal.com/calendar/HSCLWorkshops/20MinutesToImpact-Altmetrics>

Best Practices in Data Management (Online)

Thursday, April 27, 12-1pm

Learn practical strategies for best managing your research data. Several U.S. funding agencies such as the National Science Foundation and the National Institutes of Health require researchers to supply plans for managing research data, called Data Management Plans (DMP), for all new grant proposals. This workshop will provide an overview of the questions to consider when creating a data management plan, with a focus on the DMPTool and tools for sharing your data at the University of Florida (e.g., subject-specific repositories). Topics include metadata and annotation, file formats and organization, storage, backups and security, and data sharing. The workshop is geared toward graduate students, faculty, and researchers.

January: <https://libcal.uflib.ufl.edu/event/10141043>

February: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/datamanagement>

April: <https://libcal.uflib.ufl.edu/event/10141277>

Covidence Systematic Review Software

Covidence is a screening and data extraction software tool for systematic reviews. If you need help or have questions about Covidence, contact Patti McCall pmccallwright@ufl.edu to schedule an appointment for assistance.

Data Science Series with R (Online)

Intro to R

Wednesday, April 5, 12-1pm

Start your data science journey with learning R. This workshop gets you familiarized with R statistical programming language and how to do some basics statistical analysis like regression and ANOVA in R.

This workshop is open to everyone; No previous experience with R scripting programming language is required. Disclaimer: This workshop does not teach statistics.

<https://ufl.libcal.com/calendar/HSCLWorkshops/intro-R>

Data Visualization with R

Wednesday, April 12, 12-1pm

Learn the nuances of ggplot2 for making visually appealing graphics and figures for publication.

This workshop is open to everyone; Previous experience with R scripting programming language is required.

Exploratory Data Analysis with R

Wednesday, April 19, 12-1pm

Learn how visualization and data transformation techniques can be used for exploring your data and quality.

This workshop is open to everyone; Previous experience with R scripting programming language is required.

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-04-19-data-analysis>

Building Dashboards/Apps with RShiny

Wednesday, April 26, 12-1pm

Learn to build interactive dashboards and web apps using R programming language.

This workshop is open to everyone; Previous experience with R scripting programming language is required.

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-04-26-rshiny-dashboard>

How to write a publishable article using CONSORT (Online)

Friday, March 31, 12-1pm

This session is designed to teach attendees how to write a research article suitable for publication in a peer-reviewed journal. It is particularly suited to those with clinical trial results to report, who are inexperienced at composing articles for publication. We will focus on using the CONSORT reporting standard as a blueprint to make writing the manuscript a clear-cut and attainable task. In addition, attendees can sign up to be part of a peer-writing group if they choose.

Part of the Good Reporting Practices (GRPs) Series

<https://ufl.libcal.com/calendar/HSCLWorkshops/CONSORT>

Introduction to EndNote Web (Online)

Wednesday, April 5, 11am-12pm

Come and see what you can do with EndNote Web, a program designed to help you organize your reference citations. You will learn how to create and navigate the EndNote libraries, enter individual citations, and search/retrieve citations from EndNote, as well as how to download citations from PubMed, library catalogs, other databases, and import them into your library. We will learn how to use the 'Cite While You Write' toolbar and different ways of inserting citations into your papers for publication. It's easy to generate a bibliography according to the style of any particular journal! This class focuses on the EndNote Web.

February: <https://libcal.uflib.ufl.edu/event/10099674>

April: <https://libcal.uflib.ufl.edu/event/10099690>

Introduction to Linux command line and Bash Scripting

Wednesday, February 22, 12-1pm

Linux is an open-source Unix style operating system and shell is a program providing an interface between the user and the operating system. A bash script is several commands written into a file and executed line by line. This workshop introduces the Linux shell, the bash interpreter and writing basic bash scripts to efficiently do repeated tasks. It also teaches how to customize shell behavior to suit your programming needs.

This workshop is open to everyone; NO previous experience with programming/shell/bash/command-line is required.

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-02-22-intro-linux>

Introduction to Nursing/Allied Health Literature

Wednesday, March 22, 2-3pm

Looking for an introduction to the premier database of nursing and allied health literature? This class introduces you to basic and advanced search options; performing more accurate searches using CINAHL headings; using limits to narrow and refine your search; printing, emailing, and exporting your citations; creating a personal account to store your citations; and finding full-text articles.

January: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/IntroToCINAHLJan2023>

February: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/IntroToCINAHLFeb2023>

March: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/IntroToCINAHLMar2023>

Introduction to PubMed (Online)

Thursday, April 6, 11am-12pm

This class will take a step-by-step through effective literature search and save techniques—starting smartly, limiting efficiently without losing “good stuff”, searching for specific info (authors, types of publications, specific journals) and refining your search. Depending on participant interests/needs and time, we may also cover setting up email alerts, transferring to bibliographic software like Mendeley or EndNote, filtering for evidence-based studies, building collections within PubMed or other functions within PubMed.

February: https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/PubMed_1

April: <https://libcal.uflib.ufl.edu/event/10108634>

Introduction to Research Impact (Online)

Friday, April 21, 12-1pm

This session will introduce some metrics commonly used to measure research impact. We will demonstrate where metrics can be found, discuss how they are used and issues related to their misuse, and suggest some steps you can take to improve your own impact.

<https://ufl.libcal.com/calendar/HSCLWorkshops/Impact>

Introduction to Systematic Reviews (In-Person)

Wednesday, February 22, 10-11 am

Wednesday March 29, 10-11 am

Wednesday April 26: 10-11 am

This session will introduce students to the different types of evidence synthesis and cover the basics of conducting a systematic review.

This workshop is open to everyone, especially those new to systematic reviews.

January: <https://libcal.uflib.ufl.edu/event/10075336>

February: <https://libcal.uflib.ufl.edu/event/10075405>

March: <https://libcal.uflib.ufl.edu/event/10075442>

April: <https://libcal.uflib.ufl.edu/event/10075514>

Introduction to Writing Reproducible Manuscripts Using RMarkdown (Online)

Tuesday, April 4, 12-1pm

RMarkdown is a versatile document format that can combine text, R code, figures, and tables together in a single document, and create formatted output as PDFs, MS Word files, slides, websites, and more. This workshop will provide a basic introduction to using RMarkdown, how to insert code, tables, figures, and format references, and an overview of the possible output formats.

By the end of the workshop, participants will be able to:

describe the principles of reproducible documents

apply markdown syntax to format text

run code chunks in R Markdown

format tables in R Markdown

generate figures in R Markdown

format references in R Markdown

A recording of the workshop will be shared with registered attendees after the event.

<https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/rmarkdown>

Medical Terminology

Tuesday, April 18, 3-4:30pm

Wednesday, April 19, 3-4:30pm

Thursday, April 20, 3-4:30pm

Basics of medical terminology. Key concepts and word building, as well as the basics of body structure, including cells, tissues, organs, and body planes will be covered. **Parts 1, 2, and 3 make up a single course. Attendees should plan to attend all three sessions in order to complete the training.**

Part 1: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/MedTerm1>

Part 2: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/MedTerm2>

Part 3: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/medterm3>

Mendeley (Online)

Tuesday, March 21, 11am-12pm

Do you want citation management software that will follow you wherever your education and career path take you? Mendeley is a free citation management resource that you can use during your time at UF or anywhere else you may go in the future. In this class, you will learn how to use Mendeley to import references from different databases, sort your citations and annotate papers, and insert collected citations directly into your own papers.

NIH Public Access Policy Compliance (Online)

Friday, March 17, 12-1pm

This workshop provides an introduction to the NIH Public Access Policy and demonstrates how to fulfill compliance requirements. We will cover how to use the NIH Manuscript Submission System and discuss the various approaches of journal publishers towards compliance.

<https://ufl.libcal.com/calendar/HSCLWorkshops/PublicAccess2023>

SciWheel (Online)

Tuesday, February 28, 11am-12pm

If you are interested in citation management software with the ability to cite and annotate resources and websites online, SciWheel might be the tool for you. This class will go over importing citations, annotating papers and webpages, and inserting citations into your own publications.

<https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/SciWheel-Spring-2023>

Using GitHub for Collaboration (Online)

Tuesday, March 14, 12-1pm

This workshop will introduce how to use Git and GitHub as a platform for collaboration. Attendees will learn the essentials of Git branches, merge conflicts and how to resolve them, and the GitHub Flow workflow practice for collaboration.

This lesson assumes you:

have some familiarity making *repos* and *commits*

know how to synchronize repos from your computer to GitHub

Such as via <https://uf-repro.github.io/friendly-github-intro/>

By the end of the workshop, participants will be able to:

describe how merge conflicts originate and how to resolve them

apply the "GitHub flow" workflow for collaborating

create and navigate branches on GitHub and using GitHub Desktop

create and merge pull requests

understand "forks" and open-source-community development on GitHub

A recording of the workshop will be shared with registered attendees after the event.

<https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/github-collaboration>

Welcome to the HSC Library Website and Ask Me Anything (Online)

Wednesday, March 8, 9:00-9:20am

Thursday, April 13, 12:00-12:20pm

Come take a quick tour around our Health Science Center Library website! This brief introduction is designed to orient new and long-time library users alike to accessing our collections and services through the website. You can also take it as an opportunity to ask any questions you might have about the HSCL.

January 18: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/webintro01-18-23>

February 7: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/webintro02-07-23>

March 8: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/webintro03-08-23>

April 13: <https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/webintro04-13-23>

Writing Reusable and Modular Code (Online)

Tuesday, April 25, 12-1pm

This workshop introduces attendees to the principles of writing 'clean' code, that is easier to read, maintain, and expand. Attendees will learn about organizing complex programming scripts into modular functions, writing effective documentation, and habits to improve code robustness and reusability.

Attendees will be expected to have basic familiarity with programming, such as experience writing simple scripts or recent attendance at a Carpentries workshop - <https://www.uf-carpentries.org/>

By the end of the workshop, participants will be able to:

split complex programming tasks into modular functions

communicate code intent using comments

recognize and fix basic code smells

A recording of the workshop will be shared with registered attendees after the event.

<https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/clean-code>

Zotero (Online)

Tuesday, April 11, 11am-12pm

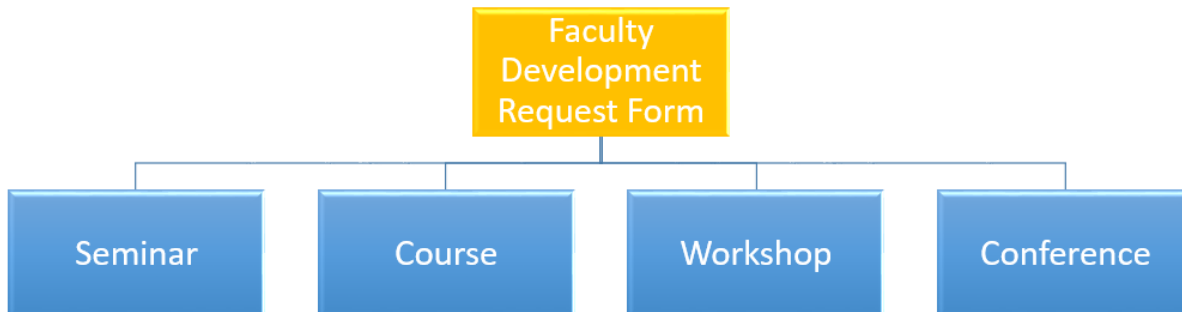

Do you want a citation management tool that works for you here and for your career beyond UF? Zotero is an open-source citation management software that you can use to import references from the web or a variety of databases, organize and share your citations, annotate papers, and insert citations directly into your own papers.

<https://libcal.uflib.ufl.edu/calendar/HSCWorkshops/Zotero-Spring-2023>
