## Chronus Faculty Mentoring Resource Center

Website-<https://ufmedmentor.chronus.com/>

### Benefits for Individual Faculty

- Connect faculty seeking guidance with those who have relevant expertise
- Provide space for group mentoring or problem solving
- Provide an entry point to existing resources and programs related to wellness, regulatory affairs, etc.
- Improve faculty onboarding experience

### Potential Benefits for Departments

- Simplify tracking for existing faculty mentoring programs
- Provide annual data regarding both Mentee and Mentor engagement

## **Univ of FL - Introduction to the LabArchives Research Edition Notebook**

The LabArchives Research Notebook can be used by researchers of all disciplines including bench scientists and clinical researchers. The University of Florida has purchased an enterprise license for the LabArchives Research Notebook for use by faculty, researchers, staff, graduate students, and undergraduate students in performing research activities. The LabArchives Research Edition Notebook helps researchers manage the results of research efforts, record and document research processes and procedures, and manage digital research data in ways that increase reproducibility, efficiency, collaboration, searchability, and security. LabArchives and their notebook software interface is securely accessible via the internet from anywhere in the world using a web browser on any device.

Join us for this 60-minute session for a closer look at how you can use our built-in layouts or set up a notebook using other popular structures including: project and grant-based, individual researcher-based notebooks, date-based, or team notebooks to manage shared materials. We will also cover how you can add and manage your data, notebook access controls, collaboration tools, and export options. Also highlighted will be key integration partners including GraphPad Prism, SnapGene, REDCap, and Microsoft Office.

## July 1: For faculty and staff with Cisco phones

Starting July 1, your Cisco telecommunications support will switch to UFIT.

Visit "IT Customer Updates"  
on the Bridge for details.

# Epic

## June 28: Haiku/Canto location-switching on personal devices

- Medical staff will have faster secure access to patients' records
- Scan a QR code or tap a link to import device settings
- Easily switch between Epic organizations
- Get instructions in next Epic bundle and on Epic Training site

## Improved patient communication options

### Starting June 22:

For convenience, patients will be able to

- Choose email appointment reminders, confirmations and cancellations in addition to text or automated call options
- Reschedule clinic appointments via text

These options will be available in most locations

- UF Health Physicians
- UF Health Radiology

# HSC Library Summer Workshops

The Health Science Center Library will offer the following online and in person workshops this summer, independent of registered coursework and open to all. Links to the Zoom meetings for online workshops are available in the descriptions, accessible through the links below or at: <https://ufl.libcal.com/calendar/HSCLWorkshops>

## **Demonstrating impact using Altmetric Explorer (Online)**

*Friday, July 7, 12-12:30pm*

Explore alternative metrics in Altmetric Explorer and learn how they might be useful in demonstrating your research impact.

*Part of the 20 Minutes to Impact series where you will learn about a research impact metric or tool and receive step-by-step instructions which you can actively follow to accomplish an impact-related task by the end of the workshop.*

<https://libcal.uflib.ufl.edu/calendar/HSCLWorkshops/20MinutesToImpact-Altmetric>

## **Create a Web of Science profile (Online)**

*Friday, Aug 4, 12-12:30pm*

This session will show you how to create your researcher profile in Web of Science.

*Part of the 20 Minutes to Impact series where you will learn about a research impact metric or tool and receive step-by-step instructions which you can actively follow to accomplish an impact-related task by the end of the workshop.*

## **Data Science Series with R:**

### **Intro to R – part 1 (Online workshop)**

*Tuesday, July 11, 11am-12pm*

Start your data science journey with learning R. This workshop gets you familiarized with R statistical programming language, R syntax, common data structures in R.

*This workshop is open to everyone; No previous experience with R scripting programming language is required. Disclaimer: This workshop does not teach statistics.*

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-07-11-introR>

### **Intro to R – part 2 (Online workshop)**

*Thursday, July 13, 11am-12pm*

This workshop continues with learning about different data structures and uploading and working with your own datasets.

*This workshop is open to everyone; No previous experience with R scripting programming language is required. Disclaimer: This workshop does not teach statistics.*

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-07-13-introR>

### **Data Visualization with R (Online workshop)**

*Tuesday, July 18, 11am-12pm*

Learn the nuances of ggplot2 for making visually appealing graphics and figures for publication.

*This workshop is open to everyone; Previous experience with R scripting programming language is required.*

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-07-18-data-visualization>

### **Exploratory data analysis with R (Online workshop)**

*Thursday, July 20, 11am-12pm*

Learn how visualization and data transformation techniques can be used for exploring your data and quality.

*This workshop is open to everyone; Previous experience with R scripting programming language is required.*

<https://ufl.libcal.com/calendar/HSCLWorkshops/2023-07-20-data-analysis>

## **NIH Public Access Policy Compliance (Online)**

*Friday, July 21, 12-1pm*

This workshop provides an introduction to the NIH Public Access Policy and demonstrates how to fulfill compliance requirements. We will cover how to use the NIH Manuscript Submission System and discuss the various approaches of journal publishers towards compliance.

<https://libcal.uflib.ufl.edu/calendar/HSCWorkshops/NIHPublicAccess>

### **Research Integrity Issues Related to Publishing: Author responsibilities (Online)**

*Friday, August 18, 12-1pm*

This session will discuss issues related to research integrity and the publication of journal articles. Topics will include authorship issues such as guest and ghost authors, complete and transparent reporting of trials, conflicts of interest including any role the sponsor played in deciding what to publish, and predatory publishing. We will look at some cases of misconduct and the repercussions, such as retractions, loss of funding, and damage to public trust in the research enterprise. The focus will be on resources that can inform ethical practices, such as ICMJE authorship criteria, reporting guidelines, and tools to help identify credible journals.

<https://libcal.uflib.ufl.edu/calendar/HSCWorkshops/Integrity>

### **Searching PubMed (Online)**

*Thursday, August 10, 11-12pm*

This class will take you step-by-step through effective literature search and save techniques—starting smartly, limiting efficiently without losing “good stuff”, searching for specific info (authors, types of publications, specific journals) and refining your search. Depending on participant interests/needs and time, we may also cover setting up email alerts, transferring to bibliographic software like Mendeley or EndNote, filtering for evidence-based studies, building collections within PubMed or other functions within PubMed.
